Camp description

- Camp is open to all campers brand new to French or with any level in French.
- Campers will acquire, reinforce and practice new vocabulary and language structure each day.
- Each day includes two hours of French language classes.
- Small groups for more individual attention while offering a sense of community and promoting new friendship.
- French games will give campers the opportunity to practice French and reinforce the new vocabulary.

Program K-5th

Beginner 0-1 is for children with no previous exposure to French language or very little.

Through a variety of themes, kids will learn to understand and use simple instructions, basic phrases, and vocabulary. Students are encouraged to interact in French during the class through numerous activities including stories, mini-projects, songs and educational games.

Beginner 2 is for children who have a minimum of one semester of French within the last school year.

In this class, kids will increase their vocabulary base as well as begin to discover written French as they improve their comprehension and vocabulary. They will also start to develop an ability to speak French in everyday life. Fun and educational activities will increase your child's French spoken expression.

Program 6th -12th

Teens dive deeper into French in our summer immersion classes! Give your teen a head start in French during our week long summer classes. Under the expert guidance of native-speaking teachers, students boost their language skills while exploring French culture.

In small groups that ensure one-on-one interaction with their teachers, teens build their French speaking, listening, reading, and writing skills at all levels. Our multidisciplinary approach promotes interactions in French through role-playing everyday tasks to awaken teens' interests and imaginations. A great way to sharpen skills for the SAT and AP tests in a fun and entertaining setting.
